

# Industry Recognition 2009

## **Tomorrow's Technology Today**

The SpammerTrap® Email Security solution won the 2009 Tomorrow's Technology Today award sponsored by *Info Security Products Guide* in recognition of "superior technologies that make it suitable for today's needs, while being ready for the threats of tomorrow." SpammerTrap was honored in the Email Security category for its positive impact in today's highly sophisticated, blended-attacks environment.

## **Global Product Excellence, Customer Trust**

SpammerTrap received the 2009 Global Product Excellence Award in the Anti-Spam class, sponsored by *Info Security Products Guide* to recognize the very best products in information security. SpammerTrap was singled out for exceptional accuracy and ease of use, and for being "ahead of the curve when it comes providing best-of-breed protection from spam."

## **Five-Star Partner Program**

The SECNAP Channel One Partner Program was awarded five stars in the *2009 Partner Program Guide* published by Everything Channel. The prestigious five-star ranking recognizes an elite group of vendors who provide exceptional partnering elements in their channel programs.

## **Emerging Technology Vendor**

SECNAP Network Security was named to this prestigious *CRN* list for the second consecutive year for its innovative email security solution and robust partner program.

## **Processor Magazine**

A recent review called the SpammerTrap a "high-performance solution" and noted that "its hardened OS was built for speed and security, yet it is still remarkably easy to set up with its QuickStart Wizard and friendly user interface." Also highlighted were its six-month money back guarantee and "reasonable pricing that includes support."

## **Channel Chiefs**

Jim Garrity, COO and vice president of SECNAP Network Security, was named to the Channel Chiefs list published annually by *CRN* magazine. This prestigious list recognizes the movers and shakers of IT channel management, based on their record of business innovation and dedication to the partner community.

## **Hot Company of 2009**

SECNAP Network Security won distinction as a Hot Company during the Technosium Executive Alliance Summit in Silicon Valley, an event honoring the top technology firms of 2009 with awards sponsored by the *Network Products Guide*. SECNAP was also named a Hot Company in 2008.

## **ACE Innovator of the Year**

Michael Scheidell, SECNAP chief technology officer, was one of five finalists for the highly prized Award for Creativity in Engineering sponsored by *EE Times*.
